FEBRUARY, 2026

NEWSLETTER

February at a Glance

February was a month of focused learning and academic milestones. The Junior School attended the Leader Within leadership talk, while the Primary School celebrated student achievements during the felicitation for the Science Olympiad Foundation (SOF) Olympiads, SpellBee, and the Raz-Plus Reading Rally, along with internal competitions. Grades 10 and 12 commenced their Board Examinations, and revision sessions began for the Junior School in preparation for Term 2 assessments.

Class group photographs were taken for CBSE Grades 1 to 12, and Middle and Senior School students won certificates and shields at the Science Expo held at Infotech Engineering College in connection with National Science Day.

The month reflected strong student engagement across academics and co-curricular activities. These initiatives collectively fostered confidence, creativity, and a spirit of excellence among students.

Leader Within: Leadership Talk

Junior School students presented an inspiring talk aligned with The Leader in Me programme. Through a TED-style presentation, students shared how they are practising one of the Seven Habits of Stephen Covey in their everyday lives. Their reflections highlighted that leadership is not merely about leading others, but about consistently living positive habits. It was truly inspiring to witness young learners confidently expressing their understanding of leadership through real-life experiences.

Capturing Memories: Class Group Photograph

Class group photographs were taken for CBSE Grades 1 to 12, capturing joyful moments and togetherness across all classes. These photographs will serve as lasting memories of the academic year, reflecting the spirit, growth, and shared experiences of our students. The session was filled with excitement and smiles as students proudly posed with their classmates. These photographs will be a cherished keepsake for both students and parents in the years to come.

Hall of Honour : Felicitation Ceremony

The Primary School conducted its Felicitation Ceremony to celebrate student achievements, where certificates were awarded for the Science Olympiad Foundation (SOF) Olympiads, SpellBee, Raz-Plus Readers' Rally, Innoventure, and internal competitions. The gathering was also addressed by the IB and CBSE Principal, Geetha Gopinathan, who congratulated the students and encouraged them to strive for continuous growth and excellence. The ceremony concluded on a note of pride and motivation, inspiring students to continue pursuing academic and personal excellence.

Innoverse 2026: National Science Day Science Expo

Middle and Senior School students participated in Innoverse 2026, the National Science Day Science Expo, conducted at Infotech Engineering College. Students competed in projects, quiz, drawing and painting, and speech events. Tanish Mudhaliyar (Grade 12) won First Prize in the Science Expo; Adhista (Grade 7) secured Third Prize in Drawing and Painting; Sudharsh (Grade 8) won First Prize and Athilan Suriya Prakash (Grade 6) won Second Prize in Speech; and Prithvi Ram, Ajay, and Pranavajayan (Grade 7) achieved Second Place in the Quiz competition.

The event provided a valuable platform for students to showcase their scientific thinking, creativity, and communication skills. Their achievements reflect the school's commitment to nurturing innovation, curiosity, and excellence in learning.

Moments of Pride!

A Key Academic Milestone: Board Examinations

Grades 10 and 12 commenced their Board Examinations this month, marking a significant academic milestone. The students approached the examinations with focus and determination, supported by systematic preparation and guidance from their teachers. Special revision sessions and practice assessments helped reinforce key concepts and boost confidence. The school extends its best wishes to all students for success, clarity, and calm as they complete their examinations.

Looking Ahead : March

The Primary School students will be going on their field trip in March. The Term 2 Assessments will begin from March 6 onwards, and the Parent-Teacher Meeting (PTM) is scheduled for March 18. The felicitation ceremony for the Middle School will also be conducted. The Grade 10 Board Examinations will conclude on March 7, and the classes for Grade 11 will commence from March 18.

Students will also continue with revision and academic activities to strengthen their understanding in preparation for the assessments. The month will conclude with a focus on reflection, and preparation for the upcoming academic year.
